- (1:00p.m. - 4:00p.m.)

Description

The City Development Agency East Sarajevo (RAIS) represents a non-profit development agency with the aim of promoting, presenting, coordinating, planning and implementing development activities in the area of the city of East Sarajevo. It works on the presentation and promotion of the city's economic potential, the preparation and creation of development projects, as well as on applying for the funds needed for their implementation. RAIS and municipal departments for economy and social activities are key participants in the development and implementation of economic development strategies at the local level.
