Bilateral Meetings

- (1:00p.m. - 4:00p.m.)

Description
Security Academy is a company made up of a team of consultants, journalists, editors, copywriters, ghostwriters, experts in cybersecurity, culture, social issues, health, law, education, agriculture, ecology, communication, PR, IT, writing and project implementation. We provide our clients with professional support, writing projects, improving websites and other means of communication, as well as training in several areas. We advise public administration bodies, the donor community, civil society organizations, professional associations, small and medium-sized enterprises. We hold trainings and write for large and small companies: projects, website content, books, portfolios, texts for public performances, books. We develop communication strategies in the areas of public administration, civil society, and small and medium-sized enterprises.
